

RPP Referral Program

During the past few years our business has grown in many ways but none are more important to me as growing through the “word of mouth”. It speaks volumes about what our clients think of us and what we offer on a daily basis.

So with that said, I would like to officially announce the “RPP Referral Program”. Going forward, any time you refer a New Client (anyone who hasn’t trained at RPP in over 18 months and is not immediate family) that purchases a new “package” (please refer to policies for exceptions) we would like to express our thanks with a 15% discount off your own next purchase (please refer to “Referral Program Policies and Q&A” available at the front desk or on our website with any questions).

All the Best,

Nunzio Signore
